T8 MOMMY Box for universal home care in 3 steps - Cleansing wipes (5 pcs)
CATEGORY (CPNP): Skin Products; Level 2: Cosmetic skin cleansing
products; Level 3: Other cosmetic products for skin cleansing

PREPARED BY: Neli Hristova Markova **21/11/2020**
SPECIALTY: Chemical Engineer; Master of Pharmaceutical Management
The safety assessment has been carried out in accordance with Regulation (EC)
No. 1223/2009 on cosmetic products.

Based on the available information on the health effects of the cosmetic product
T8 T8 MOMMY Box for universal home care in 3 steps - Cleansing wipes (5
pcs), it is considered safe provided it is used under normal and reasonably
foreseeable conditions of use. The product does not contain ingredients from
genetically modified organisms, nanomaterials or animal products. The product
does not contain components classified as carcinogenic, mutagenic, reprotoxic
(CMR) of categories 1A, 1B and 2 under Regulation (EC) No. 1272/2008. The
product has not been tested on experimental animals, but some of its ingredients
have been tested on experimental animals before 2004.

The risk assessment shall be based on the physicochemical and microbiological
specifications, the toxicological characteristics of the cosmetic product and its
ingredients, the intended use, the conditions of use, the exposure, the packaging,
the labelling and the likelihood of adverse reactions in consumers.

The data sources, together with the Cosmetic product safety assessment report,
are available at Vilavi EU EOOD on request. An update to this safety assessment
will be made when changes in the cosmetic product information occur.
